Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item.

Do not convert SAT scores to ACT scores and vice versa.

If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example:

If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other).

If you average the scores, use the average to report the scores.

For each of the following discipline areas, provide the \_\_\_\_\_\_ of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.
