

Paddling the river

Exploring the St. Johns River with a kayak will give you a front row seat to the river's breathtaking beauty and nature. A kayak is a small, light-weight boat that can sit one to three people. Each person uses a double-sided paddle to propel the boat through the water. Kayaking is a sport for all ages and is a great way to travel along the river's shore and visit one of its many natural springs.
