VISION & MISSION				
To be a local, regional, na	ational and international leader for exc	Vision: ellence and innovation in entry-level do	octoral occupational therapy education	practice and scholarship.
Mission: It is our Mission to prepare our graduates as transformative, culturally competent, life-long learners demonstrating excellence in leadership, ethics, practice and scholarship to promote full participation in meaningful occupations, health and wellness for individuals, groups and populations.				
STRATEGIC PRIORITIES				
Education and Teaching	Research and Scholarship	Service	Professional Development	Program Development
1. Deliver high-quality education to prepare diverse students for current and emerging areas of practice.	2. Increase scholarship and secure extramural and intramural funding.	3. Strategically align faculty and student service activities with Department, School, and University goals.	4. Support faculty with educational, training, continued competence and mentoring opportunities.	5. Increase the impact and reach of the Department of Occupational Therapy both nationally and internationally.
